

DYW GLASGOW

GETTING INVOLVED

It's simple to get involved with Developing the Young Workforce Glasgow, there are many different types of engagement to match the time you have and your business goals.

YOUNG PERSON'S GUARANTEE

A commitment to connect every 16 to 24 year old in Scotland to an opportunity. As an employer, you can build a workforce with the right skills and experience and put young people at the heart of what you do.

VOLUNTEERING

Could a young person volunteer with your business and learn valuable work skills?

OFFER WORK EXPERIENCE

This could be a day, a week, a half day every two weeks! Whatever suits around your business schedules. Allow a young person to attend and get involved in your company.

HELP AN EMPLOYABILITY PROVIDER

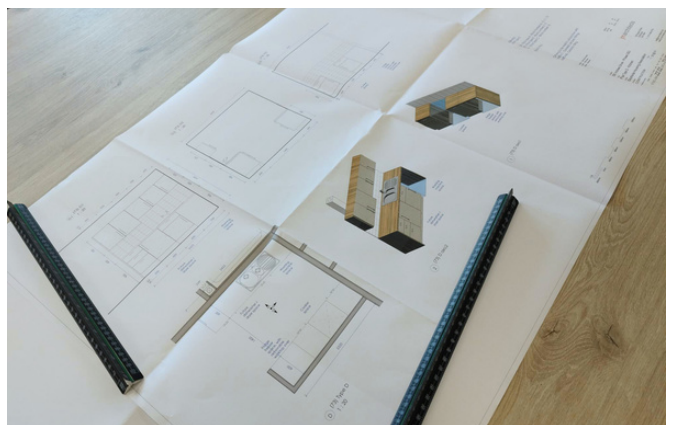

We work with organisations such as MCR Pathways and Career Ready, that provide valuable support to young people in Glasgow and are looking for employers like you to support their programmes.

SCHOOL PARTNERSHIPS

We will match you with a local school and you can become part of their programme of activities. This could include class talks, projects, events and much more.

DIGITAL CRITICAL FRIEND

In partnership with Glasgow City Council and ScotlandIS, you will work with Computing Science teachers to support their development in the ever changing industry and help demonstrate the careers available to young people.

DYW GLASGOW

WORK AWARE

This project, in partnership with FARE Scotland, invites ten young people who are at risk of disengaging from education to visit your workplace for the day to learn about the business and undertake work-related activities, all accompanied by our team of youth workers.

WORK WITH A LOCAL COLLEGE/UNIVERSITY

You might want to focus on a specialist subject and could lecture, offer work experience, or project development.

SCHOOL EVENTS

This could be a career carousel with a local school, one of our 'Get Hired' events to help recruit into your business, or you could take part as an expert presenter at the Digital Careers Showcase or the Green and Circular Careers Showcase.

CLIMATE HEROES

Work with a local school to highlight the skills required for the green and circular jobs of the future by sharing your sustainability, net zero or environmental career experience.

GLASGOW EMPLOYMENT & SKILLS BOARD

If you are a member of Glasgow Chamber of Commerce, you might also wish to join our Glasgow Employment and Skills Board and help shape policies for businesses in the city.

SOCIAL MEDIA CAMPAIGNS

Could you talk about your work journey for #NoWrongPath in August, or do you know an amazing young person that can take part in #YoungPeopleAreGreat?
